**Subject:** Science Week celebration

Dear Parents & Students of Class X,

We are thrilled to announce that our school will celebrate Science Week from September 11 to 15, 2023. This engaging week aims to increase scientific skills, feed students' curiosity, and introduce them to a ray of scientific phenomena through fun-filled activities.

The details regarding activities planned for the week are given in the table below:

S.NO.	DATE	ACTIVITY	TEACHER IN-CHARGE	TOPIC	PERIOD	VENUE
1.	11.09.2023 Monday	Classroom decoration with innovative scientific ideas	Class Teacher	Students will begin the science week by decorating their class based on a specific scientific theme.	Zero period (7:30 am - 8:30 am)	Classroom
2.	12.09.2023 Tuesday	Fun with Maths	Class Teacher	Logic-based questions or puzzles will be provided.	Zero period (7:30 am - 8:00 am)	Classroom

**INSTRUCTIONS:**

1. Classroom decoration: Decoration materials must be prepared from home as informed by the class teacher.
2. Fun with Maths- Students will receive a worksheet based on problem-solving in the class. The best three solutions will be rewarded from each section.
3. Debate- Students will be grouped into two categories (For and against). The best speaker will be chosen from each class, and the final interclass round will be arranged in the auditorium during the 4<sup>th</sup> and 5<sup>th</sup> periods.
4. Working model- In a group of 6, students must present their working model on any suitable science-based topic. The best group will be awarded from each section by the judges.

Science Week will be an excellent opportunity for Science to take Centre stage, get the children involved, and really embrace how exciting Science can be. We're all looking forward to an exciting Science week!
