Subject: Science Week Celebration

Dear Parents & Students of Class XII Science,

We are thrilled to announce that our school will celebrate Science Week from September 11 to 15, 2023. This engaging week aims to increase scientific skills, feed students' curiosity, and introduce them to a ray of scientific phenomena through fun-filled activities.

The details regarding activities planned for the week are given in the table below:

DATE	ACTIVITY	TEACHER IN-CHARGE	TOPIC/REMARKS	PERIOD	VENUE
11.09.2023 Monday	Doodle Art	Johnson Alphonse	Inventions based on any Scientist	Zero period (7.30 am - 8.30 am)	Classroom
12.09.2023 Tuesday	Debate	Sridhar B. / Honey S.	Should a country like India have a Chandrayan mission?	Zero period & First Period)	Classroom (intraclass)/ Auditorium (interclass)
13.09.2023 Wednesday	Seminar	Rakhee K.	Cyber security	7 th period & 8 th period	Auditorium
15.09.2023 Friday	Working model	Honey Shah / Payal Patel	A working model for a specific topic will be presented with explanation (Group of 5-6)	Science period	Classroom

Instructions for students:

- For Doodle art- Students need to bring the required material to draw and colour the doodles.
- Debate- Students are grouped in two categories (For and against). The best speaker is chosen from each class and the final interclass round will be arranged on the next day.
- Seminar- Students will be taken to the auditorium to explain the importance of cyber security.
- Working model- In a group of 5-6, students need to present their working model on any suitable science based topic.

Science Week will be an excellent opportunity for Science to take Centre stage, get the children involved, and embrace how exciting Science can be. We're all looking forward to an exciting Science week!
